

Join the 100 Trainer Army Community

A membership platform uniting 100 certified independent trainers to be part of accredited courses, share unlimited gigs, and generate powerful collective returns.

ACTA · ACLP · DACE · DDDLP CERTIFIED TRAINERS

Made with GAMMA

The Problem We're Solving Together - No Training Gigs

Independent trainers face inconsistent gigs, rising costs, and zero leverage alone. This community changes that.

Unpredictable Income

Gigs are sporadic. Without a provider brand, securing contracts is an uphill battle.

No Collective Bargaining Power

Operating solo means competing on price, not value.

Missed Funding Opportunities

Funded programs require accredited providers – a barrier for independents.

Trainer Earning Potential

Trainers earn **SGD 50-150/hour**. A **24-hour course at SGD 100/hour = SGD 2,400 per gig**.

We commit to giving you at least **1 teaching gig** while working toward your ROI from member investments. If we don't secure funded courses, we co-build our own training schools together.

Our Vision: Build Together, Earn Together

We're part of a network of course platforms, apply for accredited courses, and fill every seat with our own community.

Co-Start Course Platforms

Pool resources to register ATOs and apply for accredited courses.

Unlimited Training Gigs

100 trainers become trainees across all courses – guaranteed demand.

Shared Returns

ROI distributed upon successful funding disbursements.

Powerful Community

A united network of certified professionals with shared goals.
